

Commitment to safety during the Covid-19 Pandemic

At Single Source Rentals we very much value the safety and well being of our employees and customers, whether at our site in Port Coquitlam or when we are making deliveries and pick-ups throughout the Lower Mainland.

We continue during this pandemic to monitor the requirements and guidelines of the Provincial and Federal Health Officers, creating best practices within our operation to mitigate the risk of Covid-19.

Some of these protocols include:

- We have implemented a COVID-19 safety plan that is reviewed and adapted on a regular basis in line with changing Public Health Officer requirements.
- We have introduced capacity limits for our offices and main counter area.
- Plexiglass screens and barriers with floor markers are installed within our counter area.
- High touch areas are disinfected on a regular basis
- Face coverings are mandatory at our facility in Port Coquitlam in high traffic areas such as the counter area, meeting room and coffee area.
- Face coverings are mandatory for drivers making deliveries to customer sites.
- All employees have access to PPE including masks, hand-sanitizer and nitrile gloves.
- Equipment being returned is sprayed with a disinfectant, where safe to do so, on high touch areas (Joysticks, Grab Handles etc.)
- We have a very clear sickness policy that all employees follow with regards to not attending work if they are experiencing any of the symptoms of Covid-19.

We recognize that we are all in this together and thank you for your support in following our onsite protocols as well as to our customers for the processes they have in place to protect our employees when we are visiting you.

If you have any questions concerning our Covid-19 protocols, please do not hesitate to contact us.
